

Clay County 4-H Recognition and Award Guide

RIBBONS

Members receive ribbons for project work on a county level. 4-H uses the Danish System of Recognition. In this system, entries are not judged against one another, but projects are placed into groups according to standards developed for that class. The defined groups are designed to recognize youth for their achievement relative to set standards. The 4-H Youth Development program awards ribbons in these colors:

Purple (Superior): A purple is awarded to those entries that far exceed the average standard or meet the standards established for that particular class. This award indicates a near perfect exhibit.

Blue (Excellent): A blue is awarded to those entries that exceed the average standard. This award indicates a certain degree of excellence that exceeds the average expectation.

Red (Good): A red is awarded to those entries that meet the average standard or are slightly below the average standard established for that respective class. The general level of accomplishment meets expectations but is less than excellent. Shortcomings are found in certain aspects to cause this ranking.

White (Fair): A white is awarded to those entries that do not meet average standard. The level of accomplishment is less than expected. A ranking of white is deserved due to the severe shortcomings from the good standard.

Green or Rainbow (Participation): This ribbon is given to all Cloverbud entries. Cloverbuds (ages 5-7) are judged non-competitively.

4-H PROJECT PREMIUMS

Premium is paid on County level ribbon placings for projects. 4-H members are awarded purple, blue, red or white ribbons based on a standard of excellence of their presentation or exhibit.

If showmanship ribbons are not awarded, other than grand and reserve, all other participants receive P showmanship points.

The 4-H member will receive payment for all exhibit premiums **upon completion of the members 4-H Record Book or Journal, and all other premium requirements, by the set deadline**, at the 4-H Recognition Event. 4-H record books or journals must be complete and submitted by the deadline to receive awards, pins, and premium money. **The deadline for submitting the 4-H record book or journal will be announced in the 4-H newsletter. This deadline is strictly enforced.**

RECOGNITION EVENT

The 4-H Recognition Event is traditionally held in November. This is the grand finale of our 4-H year. All 4-H members, parents and leaders are urged to attend to share recognition for the past year's efforts. Everyone deserves recognition for a job well done. You may not receive a medal or trophy, but this is a time to share the 4-H appreciation in our lives. Next year you may be recognized, and you will want your friends to share the excitement when you receive your award.

The following is a comprehensive list of awards that are available to be given at Recognition Event. Please take note of requirements for each award. For awards requiring a specific application, they can be found on the Clay County 4-H Website (<http://claycountysd.org/extensionoffice4h.cfm>), by emailing clay.county@sdstate.edu, or, during the month of September, you can check the 4-H Kitchen for the file of forms and take what you need. **All applications are due with the record book or journal.** As always, please do not hesitate to contact the office if you need help or have questions.

CLOVERBUD CLUB PARTICIPANT – Cloverbuds are youth who are 4-H age 5-7. Cloverbuds who participate in their club receive a certificate of completion.

4-H YEAR PINS – First year members get their member year pins automatically. Second year members get their pin if they complete and submit their record book/journal, do a club demonstration, attend at least four club meetings and participate in a county level event (fair, judging, YIA). If not, they receive a clover patch. Third year members and beyond must complete application for each year to receive a member pin. Member year pins do not have to be applied for in the current year – if you miss a year, you may apply for multiple pin years at the same time.
